

Good Friday - Easter Worship

Friday, April 19th - 6:30pm

On Good Friday, we will gather to remember the final days of Jesus and his Disciples. We begin with a simple meal and communion around a community table. Following the meal, we will journey to the sanctuary to hear the Good Friday dramatization "When the Son's Light Failed." We will hear from selected women who were greatly affected by Christ's presence in their lives.

Sunday, April, 21 - 6:30am - Springettsbury Township Park

An Easter Sunrise service is being planned this year. Sunrise on Easter Sunday is at 6:51am. We will meet at 6:30am to greet the risen Son with scripture, song and praise.

10:30am Traditional Easter Service we will gather for an uplifting service of word and sacrament in our sanctuary as we celebrate Christ's resurrection.

A sign-up sheet for Good Friday is on the bulletin board in the gathering area in order to plan for seating and supper. Call Lisa Young - 717-870-7279 with any questions.

PRESCHOOL NEWS

April will be another busy month. We will talk about April showers, insects, safety and plants. The Pre-K classes will continue on their letters and numbers. The 3 year old classes will also be focusing on their numbers and reviewing colors and shapes. The classes will be having their Easter parties including an Easter Egg Hunt.

It is hard to believe we will have only one month until graduation.

Registration continues to go well and we are hoping to get more children registered for Summer Fun.

We are ready to have sun and warmer temperatures.

Pastoral Reflection

We are half-way through Lent and Easter is fast approaching. Spring is finally making itself known, as well, with signs of new life popping up all over the place: The sun is getting warmer, robins hopping in the yard and flowers poking their fresh green heads up through the ground... The earth is slowly reawakening and stretching as new life flows back across the land – renewing and rejuvenating each of us. It's a time of pausing to remember that life started in a beautiful garden...

This is your garden, Creator God,
a thing of beauty
beyond understanding,
a poem that is being written
not in words
but in colors,
wind's whisper,
soaring bird,
snowdrop's petal,
gentle rain,
sunlight's warmth,

This is your garden, Creator God,
A thing of beauty
beyond our understanding

As we slide into the busyness of Spring and all the things we can get done now that the weather is warmer and the days are longer, be sure to remember to pause and smell the flowers, to feel the warmth of the sun on your face, listen to the birds sing, and to pause and remember that you are wonderfully and beautifully made just like all of creation. This spring, pause to think how you will bloom and flourish where you are this year. In what new ways is God calling you to a renewed and reinvigorated life?

Blessing and Peace,

Pastor Brenda

Getting to know you....

Emmanuel UCC has been worshipping with us for two months now and we are very glad to have them here on Sunday mornings. Our original sanctuary is filled once again with the sounds of worship and praise.

You may have noticed that our upper lot near the kitchen has been full on Sunday mornings. Our Emmanuel friends are parking there as it is the closest entrance to the red doors that they are using to welcome their congregation and visitors. Hayshire folks still have use of both lots – it's great to see the spots filled once again.

As you come into the bigger lot, you may notice the addition of a sandwich board sign announcing Emmanuel UCC worshipping here now and welcoming all to their worship service.

We have enjoyed various opportunities to get to know our friends from Emmanuel as they have joined us for our Ash Wednesday Service, with Rev. Rick Pulling sharing in leading worship. They joined us in welcoming and hosting our sister churches for the first York Association Mid-week Lenten Service of 2019 on Wednesday, March 13th, and we look forward to sharing breakfast with them on Easter morning at 9am. It is a joy to have the opportunity to better get to know our friends from Emmanuel UCC. Please come out on Easter morning to welcome them as we celebrate our Risen Lord once again.

COUNCIL HIGHLIGHTS

- We are looking into purchasing another shed to store the tables, donated by Faith UCC, along with a new grill.
- We are in the process of getting the floors redone in the classrooms.
- August 24th will be our 1st annual car show.

From your President---

On March 14th, Vernon Baum, one of the most respected and beloved individuals many of us have ever known passed away. It is comforting to know that Vernon and Phyllis had so many wonderful years to share together. I am blessed to have been able to spend valuable time with both of them.

The combination of Vernon and Phyllis played a major role in getting my spiritual journey started. The respect and admiration I had for the Baums helped me to decide that I definitely wanted to be part of the Hayshire family. I will forever be grateful to both of them.

Vernon lived a long and rewarding life. He had a positive influence on so many people who were fortunate enough to know him. Some of my fondness memories of Vernon involved the Sunday Morning Journey Class. When I first attended the Journey Class, we had both pastors and lay people leading the class. I remember being asked if I wanted to help facilitate the class. How could I possibly lead a class with 3 or 4 pastors attending with my limited biblical knowledge? Probably the biggest reason I decided to help out was because I knew Vernon would be sitting close by. If I was struggling or needed someone to re-energize the conversation, I could count on Vernon. He always knew when to speak and his words of wisdom were greatly appreciated by the entire class.

I remember the second class that I was to facilitate. It was a particularly difficult lesson that I could not comprehend. I asked Vernon if he would help me understand the lesson. I ended up spending over two hours with Vernon that afternoon with most of our discussion not involving the lesson. I will always cherish the time I spent with Vernon. He had a great sense of humor and was quite knowledgeable on many topics. With my apologies to Phyllis, had the Washington Redskins ended up playing the Pittsburgh Steelers in the Super Bowl, I would have been a huge Redskins fan for that particular game. I know how much Vernon would have enjoyed watching his Redskins beat Phyllis' beloved Steelers.

Another fond memory I had of Vernon involved his sermons. Phyllis would be out in Cleveland helping the National Conference and Vernon would fill in. The next Sunday we would be having lunch and Dick Lloyd would tell Phyllis that Vernon's sermon lasted 22 minutes. Phyllis would always comment that she told Vernon to keep it short. We would all have a good laugh. We knew Vernon's sermons were going to exceed 20 minutes. I always enjoyed listening to Vernon. I could see and feel his passion. Plus, I knew what he was going to preach was going to be worthwhile.

Another memory was the only time some of us ever witnessed Vernon being visibly upset. It was following a Wednesday night Lenten service back in the days when the congregations would worship at their respective churches while the pastors rotated. The message provided that night was inappropriate and Vernon showed his displeasure. Vernon was always so careful with his words, but that night Vernon couldn't hold back his thoughts. To see Vernon so fired up was quite unusual. He was always so mild mannered. In over 10 years of knowing Vernon, it was the only time I saw him upset. Truly amazing.

We love you Vernon. You will be missed, but never forgotten. Heaven got a great one.

Faith Climate Action Week

Why Faith and Climate Change? All of the major faith traditions emphasize stewardship of the earth and all creation for current and future generations. A unified voice of communities of faith responding with moral clarity on the urgency of addressing climate change can be a powerful advocacy group for change.

Why Trees? Trees not only have symbolic importance in many sacred texts but they have numerous practical purposes, as well. We each inhale 35 lbs. of oxygen daily, all from plants and we require 7 trees to convert the carbon dioxide we exhale into oxygen. Asthma and other chronic respiratory ailments are devastating, especially to children, in many urban areas. Trees in the US alone remove hundreds of thousands of tons of pollutions from the air. Trees save energy by shading homes in the summer, releasing cooling moisture into the air, and providing windbreaks in the winter. They enhance water quality by filtering and storing water because they act to prevent excess storm runoff. Studies have shown that planting trees increases property values, improves recovery times for hospital patients, encourages serenity and relaxation, reduces violence, and increases pride in local communities. Trees are critical in combating climate disruption by removing carbon dioxide from the air, storing carbon in the wood, and releasing oxygen into the atmosphere.

“Do not damage the earth or the sea or the trees.” (Revelation 7:3)

Bill Hemmerling, Friendship Trees
